

Efficiency Offerings

for Vermont Businesses and Municipalities

Lighting

Efficiency Vermont has ended point-of-sale rebates on LED fixtures and lamps effective January 1st, 2024.

However, lighting rebates are still available for businesses through the Efficiency Vermont **Custom Lighting Program**, and the **Commercial Lighting Form**:

<https://www.encyvermont.com/Media/Default/docs/rebates/forms/encyvermontcommercial-lighting-rebate-form.pdf>

To find a listing of eligible lighting products, please visit:

HVAC

Energy Star smart thermostats: **up to \$100 back**

Furnace fan motors: **\$100 back**

Heat pumps:

Air-to-water system: **\$1,000/ton back**

Ground Source (Geothermal) Heat Pumps: **Up to \$2,100/ton back**

Ductless heating & cooling system: **\$350 - \$450 discount** at participating locations

Ducted heating & cooling system: **\$1,000 - \$2,000 discount** at participating locations

Heat pump water heaters: up to **\$600 discount** at participating locations

High performance circulator pumps: up to **\$600 discount** at participating locations

Rooftop unit controllers (1 - 100 hp): **\$225 to \$300/HP back**

Ventilation fans: **\$30 - \$90 back**

VFDs (2 - 100hp): **\$150 - \$200/HP back**

Window air conditioners: **\$200 back** for select energy star models

Wood pellet boiler or furnace: **\$6,000/system back**

Wood pellet & cord wood stoves: **\$200 discount** at participating locations, plus **\$25** for proper removal

Interested in financing your improvements?

Low-interest financing is available to help you pay for energy-saving projects. Call us today at **888-921-5990**, or visit [encyvermont.com/financing](https://www.encyvermont.com/financing).

Commercial Kitchen Equipment

Pre-Rinse Spray Valve: **\$50 discount** at participating locations

Ice Makers: **\$100 - \$500 discount** at participating locations

Fryers: **\$750 discount** at participating locations

Dishwashers: **\$500 - \$2,000 discount** at participating locations

Refrigerators/Freezers: **\$300 - \$500 discount** at participating locations

Hot Food Holding Cabinet: **\$200 - \$1,000 discount** at participating locations

Steam Cooker: **\$1,750 discount** at participating locations

Rack Oven: **\$2,500 discount** at participating locations

Convection Oven: **\$750 discount** at participating locations

Conveyor Oven: **\$1,000 discount/oven deck** at participating locations

Combination Oven: **\$500 - \$2,000 discount** at participating locations

Griddle: **\$400 discount** at participating locations

Commercial Refrigeration

Door/frame heater controls: **\$50 back** per door

Floating head pressure controls: **\$300 back**

High efficiency evaporators: up to **\$1,500 off/unit** at time of purchase

Evaporator fan motor controls: **\$30 back per fan**

Efficient evaporator fan motors: up to **\$100 off** at time of purchase

Q Sync motors: up to **\$100 off/motor** at time of purchase

High efficiency condensing units: up to **\$2,000 off/unit** at time of purchase

Refrigeration Doors: **\$200 back** per linear foot

Refrigerator & freezer LED case light fixtures: **\$30 back**

Refrigerator & freezer case light sensors (integrated): **\$30 back**

Appliances

Clothes dryers: **\$200-\$400**

Dehumidifiers: **\$25-\$40**

Insulation & Air Sealing

Building Performance: **up to \$3,000** with a participating EEN contractor

Efficiency Offerings

for Agricultural Operations

Agricultural Equipment

Heat recovery units: **\$1,875 back**

Plate coolers: **\$3,000 back**

Ventilation*:

**The amounts below are increased incentives available for up to 15 fans. Regular incentives apply for additional fans.*

Panel or circulation fans: up to **\$200 back**

Fans with VFDs: up to **\$500 back**

Variable frequency drives (VFDs): up to **\$300 back/fan horsepower**

Exhaust or thru-the-wall fans: up to **\$275 back + \$50 bonus**

Fans with VFDs: up to **\$600 back + \$50 bonus**

Maple reverse osmosis systems: up to **\$3,250 back**

Variable frequency drives (on milk vacuum pump): **\$1,125 back**

Variable frequency drives (on maple sap vacuum pump): **\$300 back**

Thermal Curtains: **\$0.50 back/sq ft**

Controllers for Lighting, Heating, Venting: up to **\$0.10 back/sq ft**

Pipe Insulation/Other Air Sealing: **\$2-\$3 back/ mmbtu saved back**

Greenhouse Coverings: **Custom rebates**

LEDs for Indoor Growing: **Custom rebates**

Heating System Upgrades (In-ground or under-ground bench heating, wood pellet systems, heat pumps, geothermal heat pumps): **Custom rebates**
