

RESIDENTIAL RENTAL PROPERTY FLOOD RECOVERY APPLIANCE REBATE

Steps to Getting Your Rebate

1. Submit damages to your insurance companies
2. Confirm eligibility and rebate amounts. See last page, maximum-rent table below, and efficiencyvermont.com/rentalflood. Offer is for rental property units with rent at or below the maximum gross rent levels in the table below.
3. Purchase and install qualifying product(s).
4. Complete and sign the application.
5. Submit completed application form with W9 and invoice(s) that list the purchase date, vendor, quantity, size, type manufacturer, and model or part number.
6. By participating in this offer, you must not increase rent levels based on the improvements supported through this program for 36 months.

City/Town _____ State _____ Zip _____

By signing below, I certify that the information that I have presented in this form is true, complete and accurate to the best of my knowledge and belief.

I understand the potential consequences, including the recapture of this benefit, as well as civil or criminal liability, of providing false statements or information in order to secure this benefit from the State.

I understand that Efficiency Vermont (or their designated contractor) reserves the right to conduct field inspections and may use my information submitted in this form to do so.

I meet the eligibility requirements listed in this form and I agree to the program terms and conditions. For full terms and conditions, see www.efficiencyvermont.com/terms

My rental property(ies) for which I am requesting a rebate or rebates incurred damages from flooding between July 10 and July 31, 2023 (for properties in Addison County, flooding between July 10 and August 10, 2023) and the items for which I am requesting replacement do not function properly as a result of the flood damage. (Dehumidifiers, air conditioners, and air purifiers can be new, and not replacements of damaged ones.)

I understand that my self-certification of rent levels, damages, and non-duplication of funding may be subject to further verification by Efficiency Vermont. If requested, I will provide the information required to verify this data. I, therefore, authorize such verification, and I will provide supporting documents, if requested.

I have submitted a claim for these damages to my insurer(s).

The Efficiency Vermont rebate(s) for which I am applying are not duplicative of any insurance payment or other benefit I may have received. In the event that Efficiency Vermont or the State of Vermont, in their sole discretion, determines that some or all of this benefit is duplicative to other benefits I have received, I agree to repay Efficiency Vermont or the State, as directed, the duplicative amount in question.

I agree to comply with all other applicable Federal and state laws and regulations concerning this benefit as well as any applicable insurance or mortgage policy requirements. I am responsible for consulting any tax, legal, insurance, or mortgage professionals I decide are necessary to ensure its compliance with these requirements.

Rental Rate Protection: By participating in this offer, I agree that for 36 months after installation of appliances and equipment in any dwelling unit under this program, the rent charged for that unit will not be increased unless the increase is demonstrably related to factors other than the improvement work performed and supported through this program.

Product Information: Eligibility and Rebate Levels

Refer to eligible products and rebate amounts at efficiencyvermont.com/rentalflood

Product Information	
Eligible New Products	Old Product Requirements
Large Appliances (ENERGY STAR® rated refrigerators, freezers, in-unit clothes washers, in-unit clothes dryers, and combo washer/dryers).	Existing product doesn't function.
Small Appliances (ENERGY STAR® rated window air-conditioners, dehumidifiers, and air purifiers)	Window AC, Dehumidifiers & Air Purifiers can be new and not replacements.
Energy efficient boilers and furnaces	Existing product doesn't function.
Central Pellet Boiler or Furnaces	Existing product doesn't function, or adding new supplemental heating.
Wood/Pellet Stoves (new & replacement)	Existing product doesn't function, or adding new supplemental heating.
Ductless Heat Pumps	Existing product doesn't function, or adding new supplemental heating.
Ducted Heat Pumps	Existing product doesn't function.
Energy efficient water heaters	Existing product doesn't function.
Heat Pump Water Heaters (does not count toward incentive cap)	Old product requirements: Must replace flood-damaged unit

For in-unit products, eligibility is based on the respective unit's rent level being below the given amount in the table below. For eligible equipment that serve the whole building, the rent levels for at least 50% of the units must be below the given amounts in the table below. For individual rental units with more than 3 bedrooms, please contact Efficiency Vermont to determine eligibility based on rent levels.

Area	Income level (% of median income)	MAX GROSS RENT AFFORDABLE (INCLUDING UTILITIES)			
			1	2	3
		STUDIO	BDRM	BDRM	BDRM
Chittenden, Franklin, Grand Isle	120%	\$2,390	\$2,560	\$3,070	\$3,547
Addison	120%	\$2,082	\$2,230	\$2,676	\$3,093
All other Vermont counties	120%	\$2,060	\$2,207	\$2,650	\$3,065

Property + Project Information

Please complete Tables A and B individually for each rental unit receiving products. If you are seeking incentives for five or more units or properties, please contact Efficiency Vermont to discuss customized incentives.

Apartment (Installation) Address _____ Apt # _____ City/Town _____ State _____ Zip _____

Number of Bedrooms _____ Monthly Rent _____

Is utility account under tenant's name Yes No

(If seeking rebate for equipment that serves the entire building) I certify that at least 50% of the rental units in my building fall at or below the maximum rent levels outlined in the table on page 2 of this application.

Total						

Program Eligibility and Exclusions

Rebate can be combined with other Efficiency Vermont offers (including the Rental Property Renate program and point of purchase discounts).

Rebate is subject to change without notice. Rebate must be submitted on or after the program/offer "effective date" of July 10, 2023, and within 365 days of the product purchase date if funds are available. In the event this rebate is discontinued or changed, submissions will be processed at the new rebate level as of the date of the change, or will not be accepted if the funds are exhausted.

All equipment must be new, installed in Vermont, and listed on the Qualifying Products List (or meet Efficiency Vermont qualifying criteria) at the time of purchase. Used, rebuilt, or refurbished equipment is not eligible.

For any single item, payment will not exceed the net price to the customer. Net price includes price of the item, shipping, sales tax, and disposal/recycling expenses (installation costs are also eligible for HVAC and water heating equipment), and must be reduced by any benefits and payments received from insurance, state or federal flood relief programs, and any other donations or grants.

Customer is responsible for any tax liability associated with rebate payment. Allow 60 calendar days for delivery of payment. Incomplete or missing information will delay processing.

By participating in this offer, you agree that for 36 months after installation of appliances and equipment in any dwelling unit under this program, the rent charged for that unit will not be increased unless the increase is demonstrably related to factors other than the improvement work performed and supported through this program. Short term rentals and seasonal homes do not qualify.
