* These builders have constructed ENERGY STAR[®] qualified homes that have received special distinction by winning energy efficiency awards from or sponsored by Efficiency Vermont.

These firms have successfully built at least one ENERGY STAR[®] qualified home since mid-May 1997. Efficiency Vermont does not license or certify builders. Efficiency Vermont labels housing that meets the ENERGY STAR efficiency and additional ventilation, combustion safety and lighting guidelines. Efficiency Vermont makes no representation whatsoever regarding the business practices or experience of these firms. Our experience with these firms has been solely in review of the energy performance of enrolled structures they have built. Updated: 3/2/10
