

# Technical Product Sheet

## Packaged Window Heat Pump

### Product Highlights:

- Self-contained highly efficient 9k BTU package window- mounted heat pump(PWHP)
- Cold climate inverter heat pump technology with operation down to -13°F
- Adjustable saddle-style construction to work with various window and wall construction types
- Pivoting outdoor section with lift-assisted mounting for easy installation
- No auxiliary resistance electric heater
- Self-contained condensate management system that does not require condensate drain/plumbing
- Compatible with standard 15A-120VAC outlet
- Humidity control in both cooling and heating seasons to optimize comfort
- Smart controls and BACnet mesh capability
- System designed to provide quiet operation
- R-32 Low Global Warming Potential(GWP) refrigerant
- Limited Warranty: 2 year full (5 year functional and sealed system parts; 12 year compressor)

## Product & Installation Dimensions:

*make yourself at home*

Voltage	120 VAC		
Phase	60 Hz		
Minimum Circuit Ampacity	15 A		
	Working Condition	Eco Mode	
		Capacity (Btu/h)	Efficiency
Cooling Mode	95°F (35°C)	8965	EER=12.6
	82°F (27.8°C)	8940	EER=19.2
Heat Mode	47°F (8.3°C)	9008	COP=3.57
	17°F (-8.3°C)	8864	COP=2.36
	0°F (-17.8°C)	6159	COP=1.71
Lowest Operating Temperature	-13°F (-25°C)		
Unit Dimensions	25.5"x35.0"-41.0"x20.5" (Indoor/Outdoor)		
Unit Weight	125 lbs approx.		
Variable Speed Compressor	Yes		
Indoor sound level High/Mid /Low/Sleep Settings (dB(A))	52/44/39/36		
Parts Limited Warranty	5 years		
Compressor Limited Warranty	12 years
