

**The All-Weather
120V is flexible and
fits ~50% of US
residential
windows.**

A technical line drawing of a window frame assembly. The frame is shown in a perspective view, with a sill at the bottom and a header at the top. Three orange double-headed arrows indicate dimensions: one horizontal arrow across the sill, one horizontal arrow across the top header, and one vertical arrow from the bottom of the frame to the floor. The floor is represented by a series of parallel lines.

**Sill to Sill
6.25" to 20"**

**Window Width
At least 26"**

**Frame to Floor
At least 21"**
