

Clean Water Pumps Program

Commercial rebates for products purchased at a non-participating distributor

Efficiency Vermont and Burlington Electric Department provide rebates for qualifying commercial clean water pumps.

Customers are encouraged to purchase eligible products through participating distributors, where applicable rebates can be discounted directly from the product price.

Commercial customers who purchase eligible product(s) through non-participating distributors can request a rebate by following the steps at right.

> Clean Water Pumps

Steps to Getting Your Rebate:

- ☐ Review Eligibility & Exclusions below. This rebate offer cannot be combined with any other Efficiency Vermont offer, including instant rebates at participating distributors.
- ☐ Confirm that the products are eligible for rebates by visiting www.efficiencyvermont.com/cleanwaterpumps
- ☐ Purchase and install new eligible product(s)
- ☐ Complete and sign the Pump Information, Customer Information & Agreement and Payee sections on page 2 of this form. The installation address must be a commercial property in Vermont.
- ☐ Submit completed rebate form with W9 and invoice (including product quantity, type, manufacturer, model / part number, purchase date, and vendor) to:

Mail: Efficiency Vermont

A W9 is required for payment. Have you submitted a W9 in the last 12 months? ☐ Yes (you do not need to attach another copy) ☐ No (complete and attach a W9, available at www.irs.gov)			
Rebate check payable to (name must match W9)			
☐ Contact information same as above			
Contact Name			
Mailing Address			
City/Town		State	Zip
For Internal Use Project # _____			

Eligibility & Exclusions

Rebate offer is available to commercial customers of Vermont electric utilities. Residential applications and new construction projects are not eligible. There is no limit on the number of pumps for which a customer may apply.

Rebate cannot be combined with any other Efficiency Vermont offer (including point of purchase discounts) and is subject to change without notice. Product must be purchased on or after the offer "effective date" of July 1, 2026, with rebate submissions occurring within 365 calendar days of the "purchase date".

Rebate is subject to change without notice. Rebates are available on a first-come, first-served basis and will expire when funds are exhausted.

In the event the rebate is discontinued or changed and if funding has not been exhausted, submissions will be honored at the higher amount if the qualifying product was purchased prior to the effective date of the change, and if installations and rebate submission occur within 30 calendar days of the change.

All equipment must be new, installed in Vermont, and listed on the Qualifying Products List (or meet Efficiency Vermont qualifying criteria) at the time of purchase. Used, rebuilt, or refurbished equipment is not eligible.

Payment will not exceed the purchase price, and excludes all other costs including installation, shipping, sales tax, or disposal/recycling expenses. Customer is responsible for any tax liability associated with rebate payment. Allow 60 calendar days for delivery of payment. Incomplete or missing information will delay processing.

IBM, Global Foundries, Omya, and Vermont electric utility companies are not eligible.
