Rebates are brought to you in partnership with:

For more information about Efficiency Vermont services and incentives visit www.encyvermont.com or call 888-921-5990.

LED Lighting

PLEASE NOTE:

LED Lighting is no longer on the Agricultural Equipment rebate form, however rebates may still be available to agricultural customers.

- All lighting projects must be pre-approved, please call Efficiency Vermont to confirm eligibility and apply for incentives.
- Approved projects must provide detailed information on existing fixtures, locations and run hours.
- Incentives are set based on the energy savings of project and customers must work with Efficiency Vermont to determine project payback details.
- Lighting controls must be DLC listed, Network Lighting Control (NLC) or pre-approved by Efficiency staff.

For more information, visit www.encyvermont.com/rebates

Heat Recovery Units (HRU)

Fill Out Below

Days/Year Pump Runs <small>(on average)</small>	Pump Motor HP	Installation Date	A = Quantity of New VFDs	B = Rebate/VFD <small>(see website)</small>	A x B = Rebate Amount
Total Rebate					\$

.....

Program Eligibility and Exclusions

Rebate offer is available to all agricultural customers of Vermont electric utilities. New construction projects are not eligible for the rebates on this form. Rebate cannot be combined with any other Efficiency Vermont offer (including point of purchase discounts) and is subject to change without notice. In the event a rebate is discontinued or changed, submissions will be honored at the higher amount if the qualifying product was purchased prior to the effective date of the change, with installations and rebate submission occurring within 30 calendar days of the change.

All equipment must be new, installed in Vermont, and listed on the Qualifying Products List (or meet Efficiency Vermont qualifying criteria) at the time of purchase. Used, rebuilt, or refurbished equipment is not eligible.

Payment will not exceed the purchase price, and excludes all other costs including shipping, sales tax, or disposal/recycling expenses (installation costs of HVAC and refrigeration equipment, and installation and freight costs of agricultural equipment are eligible). Customer is responsible for any tax liability associated with rebate payment. Allow 60 calendar days for delivery of payment. Incomplete or missing information will delay processing.

IBM, Global Foundries, Omya, and Vermont electric utility companies are not eligible.
