Refrigeration Temperature Codes

Please refer to this table when filling out sections below

Temperature Code	Designation	Refrigerated Space Temperature
LT	Low Temperature	< 25° F
MT	Medium Temperature	25° - 40° F
HT	High Temperature	41° - 65° F

Evaporator Fan Motor Controls

Eligibility Requirements

- Please visit www.encyvermont.com/rebates to determine the rebate amount.
- Must be installed in walk-in cooler or refrigerated warehouse application.
- Must control synchronous or brushless DC motor.
- Must be installed on existing equipment. Not for new evaporators.
- Controls must cycle or reduce fan air flow to ensure energy savings.
- Visit encyvermont.com/trade-partners/retailer-qualified-products for information on instant rebates for evaporator fan motors.

Fill Out Below

Installation Date	Motor being controlled	Temperature Code (from table above)	A = # of Fans Controlled	B = Rebate/Fan (see website)	A x B = Rebate Amount
	<input type="radio"/> Brushless DC <input type="radio"/> Synchronous				
	<input type="radio"/> Brushless DC <input type="radio"/> Synchronous				
Total Rebate \$					

Program Eligibility and Exclusions

Residential applications and new construction projects are not eligible for rebates listed on this form. Rebate cannot be combined with any other Efficiency Vermont offer (including point of purchase discounts) and is subject to change without notice. Rebate must be submitted on or after the program/offer “effective date” and within 365 days of the product purchase date. In the event a rebate is discontinued or changed, submissions will be honored at the higher amount if the qualifying product was purchased prior to the effective date of the change, with installations and rebate submission occurring within 30 calendar days of that date.

All equipment must be new, installed in Vermont, and listed on the Qualifying Products List (or meet Efficiency Vermont qualifying criteria) at the time of purchase. Used, rebuilt, or refurbished equipment is not eligible.

Payment will not exceed the purchase price, and excludes all other costs including shipping, sales tax, or disposal/recycling expenses (installation costs of HVAC and refrigeration equipment, and installation and freight costs of agricultural equipment are eligible). Customer is responsible for any tax liability associated with rebate payment. Allow 60 calendar days for delivery of payment. Incomplete or missing information will delay processing.

IBM, Global Foundries, Omya, and Vermont electric utility companies are not eligible.
