

Commercial Refrigeration Rebate Form

In this form, you can find rebate information for:

- > Evaporator Fan Motor Controls
- > Door/Frame Heater Controls
- > Floating Head Pressure Controls
- > Refrigerator & Freezer Case Light Sensors
- > Refrigerator & Freezer LED Case Light Fixtures
- > ENERGY STAR® Ice Machines
- > Display Case Strip-Curtain & Continuous Covers
- > Reach-In Refrigerators & Freezers

Efficiency Vermont and Burlington Electric Department offer technical assistance and rebates to help businesses make cost-effective improvements. We also partner with distributors to offer discounted products in their stores. Please contact us with any questions or for additional assistance.

How to apply

- Visit www.encyvermont.com/rebates for product eligibility and rebate information.
- Read the Terms and Conditions to determine if you are eligible for a rebate.
- Verify that the product(s) you are going to purchase and install meet the eligibility requirements listed in the corresponding product section, or contact us.
- Purchase and install qualifying product(s).
- Complete and sign the application. If you prefer to submit online, visit <https://rebates.encyvermont.com/refrigeration>.
- Include a copy of your invoice(s) as proof of purchase.
- Submit completed application form and invoice(s).

Need help?

For more information or to confirm eligibility, call **888-921-5990** or email info@encyvermont.com.

Efficiency Vermont and Burlington Electric Department can help finance your project at a low rate with no collateral down. Please call us for more information.

Efficiency
Vermont

We're going paperless!

Efficiency Vermont is moving toward a fully paperless rebate application process in order to be more responsive to the needs of our customers. Rebate amounts and product offerings will be updated on our website at www.encyvermont.com/rebates.

Refrigeration Temperature Codes

Please refer to this table when filling out sections below

Temperature Code	Designation	Refrigerated Space Temperature
LT	Low Temperature	< 25° F
MT	Medium Temperature	25° - 40° F
HT	High Temperature	41° - 65° F

1 Evaporator Fan Motor Controls

Eligibility Requirements

- Please visit www.encyvermont.com/rebates to determine the rebate amount.
- Must be installed in walk-in cooler or refrigerated warehouse application.
- Must control synchronous or brushless DC motor.
- Controls must cycle or reduce fan air flow to ensure energy savings.
- Visit <https://contractors.encyvermont.com/programs/refrigeration> to get information on instant off incentives for evaporator fan motors.

Fill Out Below

Installation Date	Motor being controlled	Temperature Code <small>(from table above)</small>	A = # of Fans Controlled	B = Rebate/Fan <small>(see website)</small>	A x B = Rebate Amount
	<input type="checkbox"/> Brushless DC <input type="checkbox"/> Synchronous				
	<input type="checkbox"/> Brushless DC <input type="checkbox"/> Synchronous				
Total Rebate Section 1					\$

2 Door/Frame Heater Controls

Eligibility Requirements

- Please visit www.encyvermont.com/rebates to determine the rebate amount.
- Must be humidity- or conductivity-based anti-sweat controls.
- Must be retrofit to existing units.

Fill Out Below

Temperature Code <small>(from table above)</small>	Installation Date	A = Quantity of Doors	B = Rebate/Door <small>(see website)</small>	A x B = Rebate Amount
Total Rebate Section 2				\$

3 Floating Head Pressure Controls

Eligibility Requirements

- Please visit www.encyvermont.com/rebates to determine the rebate amount.
- Rebate is for floating head pressure controls for compressors ≤ 10 HP.
- High temperature applications ($\geq 41^{\circ}\text{F}$) are not eligible.
- Condensing temperature should be set to 70°F .
- Cannot be used in conjunction with any instant off rebates.
- Rebate only applicable for retrofitting existing equipment. Not valid for inclusion in new condensers.

Fill Out Below

Equipment Temperature <small>(check one)</small>	Equipment Configuration <small>(check one)</small>	Compressor Horsepower	Condenser Manufacturer	Condenser Model Number	A = Quantity of Floating Head Pressure Controls	B = Rebate/ Floating Head Pressure Controller <small>(see website)</small>	A x B = Rebate Amount
<input type="checkbox"/> Refrigerator <input type="checkbox"/> Freezer	<input type="checkbox"/> Self-Contained (Packaged) <input type="checkbox"/> Split						
Total Rebate Section 3							\$

4 Refrigerator & Freezer Case Light Sensors

Eligibility Requirements

- Please visit www.encyvermont.com/rebates to determine the rebate amount.
- For use on interior LED or fluorescent equipment.
- Minimum of 3 doors per sensor.
- Companion switches for wireless sensors are not eligible for rebates.

Fill Out Below

Application	# of Hours Lights are on/Week <small>(before controls)</small>	Installation Date	A = Quantity of Controls	B = Rebate/Control <small>(see website)</small>	A x B = Rebate Amount
Refrigerator or Freezer Case Sensors					
Total Rebate Section 4					\$

5 Refrigerator & Freezer LED Case Light Fixtures

Eligibility Requirements

- Please visit www.encyvermont.com/rebates to determine the rebate amount.
- Product must be qualified by DesignLights Consortium® for rebates. To verify a product is qualified, visit www.encyvermont.com/qualified-lighting. Please make sure your product is qualified by DLC by clicking on the Details button located next to the products listed in the link above.
- Horizontal and vertical doors are eligible.

→ Fill Out Below

Installation Date	Manufacturer	Model #	# of Hours Lights are on/Week	A = Quantity of Fixtures	B = Rebate/Fixture (see website)	A x B = Rebate Amount
Total Rebate Section 5						\$

6 ENERGY STAR® Ice Machines

Eligibility Requirements

- Please visit www.encyvermont.com/rebates to determine the rebate amount corresponding to the categories below.
- Units must be listed on the ENERGY STAR certified products list, available at www.energystar.gov/productfinder/product/certified-commercial-ice-machines/results.

Ice Machine Type (batch or continuous)	Harvest Rate (lbs ice/day)	Equipment Code
Ice Making Head (IMH)	< 450	7.1
	≥ 450	7.2
Remote Condensing Unit (RCU)	< 1,000	7.3
	≥ 1,000	7.4
Self-Contained Unit (SCU)	< 175	7.5
	≥ 175	7.6

→ Fill Out Below

Equipment Code (from table above)	Installation Date	Ice Machine Type	Make	Model #	Serial #	A = Quantity	B = Rebate/Ice Machine (see website)	A x B = Rebate Amount
		<input type="checkbox"/> Batch <input type="checkbox"/> Continuous						
		<input type="checkbox"/> Batch <input type="checkbox"/> Continuous						
Total Rebate Section 6								\$

7

Display Case Strip-Curtains & Continuous Covers

Eligibility Requirements

- Please visit www.encyvermont.com/rebates to determine the rebate amount.
- Eligible covers are PVC, metal, or equivalent curtains.
- Installed on open, multi-deck (merchandise) coolers.
- Rebate is based on length (in feet) of case covered.

Fill Out Below

Temperature Code <small>(from table on page 3) MT & HT only</small>	Application <small>(check one)</small>	Installation Date	A = Length <small>(linear feet)</small>	B = Rebate/Foot <small>(see website)</small>	A x B = Rebate Amount
	<input type="checkbox"/> Strip Curtain <input type="checkbox"/> Continuous				
	<input type="checkbox"/> Strip Curtain <input type="checkbox"/> Continuous				
Total Rebate Section 7					\$

8

Reach-In Refrigerators & Freezers

Eligibility Requirements

- Please visit www.encyvermont.com/rebates to determine the rebate amount corresponding to the categories below.
- Eligible units are high-efficiency, ENERGY STAR certified commercial reach-in units that meet the ENERGY STAR V4.0 specification.
- Units must be listed on the ENERGY STAR certified products list, available at www.energystar.gov/productfinder/product/certified-commercial-refrigerators-and-freezers/results.
- Additional rebate bonus available for refrigerators or freezers utilizing natural refrigerants: propane or butane (R-290/R-600a).

Capacity	Appliance Codes			
	Solid Door Freezer	Solid Door Refrigerator	Transparent Glass Door Refrigerator	Transparent Glass Door Freezer
< 15 cu. ft.	SFA	SRA	GRA	GFA
15 - < 30 cu. ft.	SFB	SRB	GRB	GFB
30 - < 50 cu. ft.	SFC	SRC	GRC	GFC
50 - < 80 cu. ft.	SFD	SRD	GRD	GFD

Fill Out Below

Appliance Code <small>(from table above)</small>	Model #	Installation Date	A = Quantity of Refrigerators or Freezers	B = Rebate/Refrigerator or Freezer <small>(see website)</small>	C = Rebate for Natural Refrigerant (R-290, R-600a) <small>(see website)</small>	A x B + C = Rebate Amount
Total Rebate Section 8						\$

Instant Rebate Products

Special pricing is now available at participating distributors for the following products. Call **888-921-5990** or visit <https://contractors.efficiencyvermont.com/programs//refrigeration> for more information.

For Burlington projects, call Burlington Electric Department for pre-approval.

- Efficient Evaporator Fan Motors
- High Efficiency Condensing Units

Terms & Conditions

1. **REBATE:** This rebate offer is available to all commercial, industrial and agricultural customers of Vermont electric utilities, **except IBM, GlobalFoundries, Omya, and Vermont electric utility companies.** Rebate offers are subject to change without notice, availability of funding and may not be combined with any other offers. Qualifying products may be listed on the qualified products list on the Efficiency Vermont website, or described within the rebate form itself, as applicable. When possible, Efficiency Vermont will post on its website changes to the product rebate list including changes to the rebate amounts with as much notice as possible prior to the change. If a product is removed from the products list or the rebate amount changes, Efficiency Vermont will honor the rebate (at the higher amount) provided that a rebate form with all required documentation is postmarked or received by Efficiency Vermont within 30 calendar days from the date of removal or change to the rebate amount.
2. **PRODUCTS:** All products must be new and installed in a commercial, industrial or agricultural facility in the State of Vermont; used or rebuilt equipment is not eligible for rebate. Products must meet the specification requirement listed on Efficiency Vermont's products rebate list and be operational prior to submitting an application for rebate.
3. **LIMITATIONS:** Customer may submit only one form per project. Each project will be subject to a maximum amount of 250 individual rebate items. New constructions projects do not qualify. For information on such projects, please call Efficiency Vermont (or Burlington Electric Department for projects within the City of Burlington).
4. **PROOF OF PURCHASE:** Invoice(s) must include the quantity, size, type, manufacturer, model or part number, purchase date, and vendor of the efficient equipment. All sales transactions and installations are subject to verification and inspection. By signing this form, the customer consents to allow Efficiency Vermont (or, within the City of Burlington, Burlington Electric Department) 1.) to access the equipment for purposes of verification and inspection, and 2.) to disclose the customer's information (including but not limited to the customer's information included on this form and information on the invoice(s)) to the vendor and/or contractor who sold or installed the equipment to verify equipment purchase/installation and to collect additional information about the equipment and its installation.
5. **LIMITATION OF LIABILITY:** Performance of installed equipment is not guaranteed expressly or implicitly.
6. **ENDORSEMENT:** No particular manufacturers, products, or system designs are endorsed through this program.
7. **PAYMENT:** Allow 60 calendar days for delivery of payment. Incomplete or missing information will delay processing of rebate form and payment.
8. **MAXIMUM PAYMENT:** Maximum payment will not exceed 100% of the equipment purchase price and installation cost. Customer is responsible for all other costs including shipping, sales tax, disposal/recycling, and any tax liability associated with rebate payment.
9. **CAPACITY CREDITS/ENVIRONMENTAL CREDITS:** In accepting these financial incentives, the customer agrees that Efficiency Vermont (or, for customers within its service territory, Burlington Electric Department) holds the sole rights to any electric system capacity credits and environmental credits associated with the energy efficiency measures for which incentives have been received.
