--------------------------	---

*The equipment for which I am requesting a rebate is installed and operational. I understand that Efficiency Vermont (or their designated contractor) reserves the right to conduct field inspections and may use my information submitted in this form to do so. I certify that all my information is correct to the best of my knowledge, I meet the eligibility requirements listed on the last page, and agree to the terms and conditions. For full terms and conditions, see [www.encyvermont.com/terms](http://www.encyvermont.com/terms). I understand that income self-certification may be subject to further verification by Efficiency Vermont. If necessary, I will provide the information required to verify this data. I, therefore, authorize such verification, and I will provide supporting documents, if necessary.*

For Internal Use
Project _____

To help you save money and cut carbon, your electric utility provides the funding to make this rebate possible:

## Eligibility Requirements

- Visit [www.encyvermont.com/GSHP](http://www.encyvermont.com/GSHP) to determine the rebate amount.
- Rebates are for residential systems up to 10 tons and commercial systems up to 50 tons.
- Only closed-loop applications are eligible (vertical and horizontal loops).
- Equipment must be ENERGY STAR® certified (water-to-air and water-to-water heat pumps) or meet or exceed AHRI certified performance values in the table at right under full load conditions.
- Equipment must be installed by an Efficiency Excellence Network contractor. Find a contractor at [www.encyvermont.com/contractor](http://www.encyvermont.com/contractor).
- If you receive electric service from one of the following utilities, you may not be eligible for the full incentive amount. Contact VPPSA to discuss your project and available incentives at [rebates@vppsa.com](mailto:rebates@vppsa.com) or 802-884-4488.
  - o Barton Village, Inc.
  - o Village of Enosburg Falls Inc.
  - o Town of Hardwick Electric Department
  - o Village of Jacksonville
  - o Village of Johnson, Inc.
  - o Incorporated Village of Orleans
  - o Village of Ludlow Electric Light Department
  - o Village of Lyndonville Electric Department
  - o Village of Morrisville Water & Light Department
  - o Town of Northfield Electric Department
  - o Swanton Village, Inc.
- If you receive electric service from Hyde Park Electric, you may not be eligible for the full incentive amount. To discuss your project, call Efficiency Vermont at 888-921-5990.

	EER	COP
Water to water	16.1	3.1
Air to water	17.1	3.6

## Product Information (complete row for each ground source heat pump installed or attach AHRI certificate)

Manufacturer	Model #	EER	COP	Full Load Heating Capacity (btu/h)	Full Load Cooling Capacity (btu/h)	Rebate Amount (see website)

## Installation Information

Check primary contractor:

Equipment installer company name: \_\_\_\_\_

Ground loop (driller) company name: \_\_\_\_\_

Installation date: \_\_\_\_\_

Rebate amount: \$\_\_\_\_\_

Product type:  Water-to-air  Water-to-water

System type:  Closed loop  Open loop  Dx

Installation type:  Commercial  Residential

Project type:  New Construction/Major Renovation  Retrofit

Existing primary heating fuel type:  Electric  Propane  Oil  Natural Gas  None (new construction)

Existing primary heating system type:  Boiler  Furnace  None (new construction)

Existing water heating fuel type:  Electric  Propane  Oil  Natural Gas  None (new construction)

Will ground source heat pump provide domestic hot water?  Yes  No

Number of people in household: \_\_\_\_\_

Will ground source heat pump provide cooling?  Yes  No

---

## Program Eligibility and Exclusions

Rebate cannot be combined with any other Efficiency Vermont offer (including point of purchase discounts) and is subject to change without notice. In the event a rebate is discontinued or changed, submissions will be honored at the higher amount if the qualifying product was purchased prior to the effective date of the change, with installations and rebate submission occurring within 30 calendar days of the change.

All equipment must be new, installed in Vermont, and listed on the Qualifying Products List (or meet Efficiency Vermont qualifying criteria) at the time of purchase. Used, rebuilt, or refurbished equipment is not eligible.

Payment will not exceed the purchase price, and excludes all other costs including shipping, sales tax, or disposal/recycling expenses (installation costs of HVAC and refrigeration equipment, and installation and freight costs of agricultural equipment are eligible). Customer is responsible for any tax liability associated with rebate payment. Allow 60 calendar days for delivery of payment. Incomplete or missing information will delay processing.

IBM, Global Foundries, Omya, and Vermont electric utility companies are not eligible.
