

Air Sealing and Insulation Incentives¹

Energy Efficiency Home Improvement	Qualifying Criteria	Customer Incentive	
Minimum Overall Requirement	Install all recommended health and safety improvements including mechanical ventilation, carbon monoxide detectors, or other essential improvements.	\$500	
	Reduce air leakage by a minimum of 10% (as measured by a pre- and post-blower door test).		
Air Sealing	Reduce air leakage as measured by a pre- and post-blower door test.	20–35% reduction	≥ 35% reduction
		\$250	\$500
Insulation	Install insulation meeting the following R-value criteria:		\$0.40 per sq. ft. of new insulation
	Location	New Insulation ²	
	Attic Flat Ceilings	R-value ≥ R-49	
	Vaulted Ceilings and Floors	R-value ≥ R-30	
	Walls	R-value ≥ R-12	
Foundation and Rim-joists	R-value ≥ R-15		
Heat Distribution Improvement	Install at least \$200 of duct sealing, leak repairs, boiler pipe insulation, and similar measures.	\$75	
Comprehensive Retrofit Bonus Package (for whole-house projects that substantially improve air tightness and insulation)	Reduce air leakage ≥ 35% as measured by a pre- and post- blower door test.	\$250	
	Install insulation in areas equivalent to at least 75% of the home's finished floor area (example: a 2,000 sq. ft. home could qualify by installing 1,000 sq. ft. of insulation in the attic and 500 sq. ft. of insulation in the walls). Insulation must meet the above criteria for R-value.		
Maximum incentive for air sealing and insulation improvements³		\$2,000	

Other Efficiency Vermont Rebates¹

- ENERGY STAR Smart Thermostats
- ENERGY STAR Heat Pump Water Heater
- Central wood pellet boiler or furnace
- Heat pump heating & cooling system

The Efficiency Excellence Network Difference

The EEN is a trusted network of contractors, specially trained and certified in energy-saving techniques that ensure your project meets quality and savings expectations. They also have exclusive access to Efficiency Vermont incentives and the Heat Saver Loan, which features interest rates as low as 1%.

¹ Subject to availability, limits, and may change at any time. Visit efficiencyvermont.com or call 888-921-5990 for current details and requirements.

² Energy code must be followed for all installations.

³ If you have natural gas service, please call Vermont Gas at 802-863-4511 to determine your incentive eligibility.
