

## WHEN DO YOU NEED A NEW PUMP?

Some warning signs that could indicate that you're in need of an upgrade include when your pump:

- is 7 to 10 years old
- does not seem to be as powerful
- continually makes noise
- gets hot and shuts down
- hums or buzzes but will not start
- starts slowly

### CUSTOMER SIGNATURE:

DATE:

I certify that I meet the eligibility requirements of this rebate program, and that all information submitted as part of this application is correct to the best of my knowledge. I agree to the terms and conditions listed below.

Valid for purchases made 6/1/18 - 12/31/18. All rebate requests must be postmarked no later than 1/31/19. This rebate offer is available to all electric utility customers in Vermont. Pump must be listed on the Efficiency Vermont qualified products list at the time of purchase and must be installed in Vermont to be eligible for rebate. This rebate may be subject to change without prior notice. This rebate may not be combined with any other Efficiency Vermont offer. Efficiency Vermont reserves the right to conduct field inspections to verify installations. The customer must contribute at least \$50 to the pre-tax purchase price of each pump; therefore, the rebate amount for each qualifying pump will be the lesser of (a) the applicable rebate listed on this form, or (b) the pre-tax purchase price of the pump minus \$50. Limitation of liability: Efficiency Vermont does not guarantee the performance of installed equipment expressly or implicitly, and will not be liable for any incidental or consequential damages of any kind in connection with the rebate program or in connection with the installation, implementation, or use of the equipment at the customer's premises. In accepting these financial incentives, the customer agrees that Efficiency Vermont holds the sole rights to any electric system capacity credits and environmental credits associated with the energy efficiency measures for which incentives have been received. Limit one pump rebate per Vermont residential electric account per year and two per commercial account per year. Allow up to 60 days for delivery of rebate. Incomplete or missing information will delay processing and payment. For more information, call 888-921-5990.

## POOL PUMP REBATE

Efficiency Vermont **SMART CHOICE**

**ENERGY STAR® CERTIFIED  
POOL PUMPS**

**\$600 OFF**

VALID 6/1/18 - 12/31/18

## STEPS TO GETTING YOUR EFFICIENCY VERMONT REBATE:

Rebate is for the purchase and installation of a qualifying ENERGY STAR multi-speed, variable-speed, or variable-flow pump for residential and seasonal commercial pools.

1. Fill out this form completely and legibly. Incomplete information will delay or disqualify your rebate.
2. Enclose a copy of your dated sales receipt.
3. Sign and mail it to the address at right, or submit at [www.encyvermont.com/poolpumps](http://www.encyvermont.com/poolpumps)

All rebate forms must be postmarked no later than January 31, 2019.

## THE ENERGY STAR CERTIFIED POOL PUMPS ELIGIBLE FOR A \$600 REBATE

Can save you about \$300 annually, and up to \$3,000 over the life of the pump.

Use as little as one-third the electricity of single-speed pumps.

Operate more quietly and prolong the life of your pool's filtering system.

Find qualified models at:
