Household Income

As of July 15, 2019, homeowners are eligible to receive a bonus rebate if their household income is at or below the income guidelines listed below. To calculate income, take the monthly amount that you and the people in your household are paid before taxes and multiply by 12. Include all wages, including regular salaries and overtime. If you are self-employed, use the previous 12 months of pretax income.

Income is defined as the total annual gross income of all family and non-family members 18+ years old living within the household. All sources of income must be counted from all persons in the household based on anticipated income expected within the next 12 months. Possible types of income include but are not limited to: wages, salary, tips, bonuses or commissions payments, public assistance, social security/SSI, child support, regular gifts, unemployment, income earned on assets (savings, IRA, etc.) and some types of financial aid.

Number of people in household	1	2	3	4	5	6	7	8
Annual household income limit: Chittenden, Franklin, Grand Isle counties	<input type="checkbox"/> \$77,000 or less	<input type="checkbox"/> \$88,000 or less	<input type="checkbox"/> \$99,000 or less	<input type="checkbox"/> \$110,000 or less	<input type="checkbox"/> \$120,680 or less	<input type="checkbox"/> \$138,360 or less	<input type="checkbox"/> \$156,040 or less	<input type="checkbox"/> \$173,720 or less
Annual household income limit: All other Vermont counties	<input type="checkbox"/> \$66,800 or less	<input type="checkbox"/> \$76,400 or less	<input type="checkbox"/> \$85,800 or less	<input type="checkbox"/> \$95,400 or less	<input type="checkbox"/> \$103,000 or less	<input type="checkbox"/> \$110,600 or less	<input type="checkbox"/> \$118,200 or less	<input type="checkbox"/> \$126,000 or less

I certify that all the information provided on this form is accurate and complete. I understand that household income self-certification may be subject to further verification by Efficiency Vermont or the Vermont Department of Public Service (DPS). If requested, I agree to help Efficiency Vermont or the DPS collect the information or documentation required to verify my household annual income (pay stubs, bank account statements, tax returns, etc.). I certify that the work has been completed by the contractor listed below and meets the requirements listed on this form. I understand that it is my responsibility to check with my contractor before submitting this application to ensure that my project meets the specific requirements on this form, and that Efficiency Vermont will rely on this representation to qualify my project for incentives. I understand that Efficiency Vermont (or their designated contractor) reserves the right to conduct field inspections and may use my information submitted on this form to do so. I certify that I meet the eligibility requirements listed on page 2, and agree to the terms and conditions. For full terms and conditions, see www.efficiencyvermont.com/terms.

Eligibility Requirements (all projects)

- Attic and/or basement air sealing and insulation must be installed by a contractor in an existing single family home in Vermont (home must not share attic or basement with a neighboring unit).
- Regardless of whether project is in the attic or basement, earthen floors must be covered with a vapor barrier, and wet basements/crawlspaces must be made substantially dry.
- Exposed foam plastic interior wall covering must be installed in compliance with the 2018 International Residential Code (sections R316.4 through R316.6)
- Projects will be ineligible if vermiculite has been disturbed or knob and tub wiring has not been properly removed or disconnected.

Attic Requirements

- Must treat attic flats and knee walls (where applicable)
- Must insulated attic to a minimum of R-49
- Air-sealed all holes, seams, and bypasses
- Protected insulation from wind at eave(s)
- Air-sealed and insulated attic access hatch(es)

Basement Requirements

- Must treat both foundation and walls
- Must insulate to a minimum of R-15 using spray foam or board foam
- Must air-seal all holes, seams, and bypasses

Location(s) Treated (check all that apply)	Total Area	Expected Rebate Amount (see efficiencyvermont.com)
<input type="checkbox"/> Attic: I certify that I have met all requirements listed above	sq ft	\$
<input type="checkbox"/> Basement: I certify that I have met all requirements listed above	sq ft	\$
Total expected rebate amount:		\$

Primary Heating System

Fuel Type

- ☐ Oil ☐ Propane ☐ Cord wood
☐ Wood pellet ☐ Electric ☐ Kerosene

System Type

- ☐ Furnace ☐ Boiler ☐ Electric resistance
☐ Heat pump ☐ Space heater (pellets, oil, gas, propane, kerosene)
Woodstove (select one): ☐ 1990-present (catalytic or non-catalytic)
☐ Pre-1990 (catalytic) ☐ Pre-1990 (non-catalytic)

Note: There are many aspects to effective weatherization, including moisture control and adequate supply of air for combustion and occupant health. If you have questions about eligibility or how to meet the criteria above, call Efficiency Vermont at 888-921-5990.

Payment Information (complete if rebate is not going to the homeowner listed above)

A W9 is required if rebate is being paid to a business. Have you submitted a W9 since January 1, 2019?

- ☐ Yes (you do not need to attach another copy) ☐ No (complete and attach a W9, available at www.irs.gov)

Rebate check payable to (if being paid to a business, name must match W9) _____ ☐ Send check to installation address listed above

Contact name (if different) _____

Mailing address (if different than installation address) _____ City/Town _____ State _____ Zip _____

Program Eligibility & Exclusions

Rebate offer is for Vermont single family home owners, is available to customers of select Vermont utilities as of March 1, 2019, and is subject to change without notice. Customers of Burlington Electric Department and Vermont Gas Systems are not eligible for this rebate. Incomplete forms may delay or disqualify your rebate after work is completed. In the event a rebate is discontinued or changed, submissions will be honored at the higher amount if the project was completed prior to the effective date of the change, with rebate submission occurring within 30 calendar days of that date. Customer must contribute at least \$250 to the pre-tax project cost. Allow 60 calendar days for payment after Efficiency Vermont has received your rebate application. Limit one rebate per location (attic/basement) per residence.

Customer is responsible for ensuring that home improvements are installed, operated, and maintained in compliance with all applicable laws, codes, regulations, rules, standards, and manufacturers' instructions. Home improvements for which rebates are paid must comply with Efficiency Vermont program specifications. Projects will be ineligible if vermiculite has been disturbed or knob and tube wiring has not been properly removed or disconnected. Contractors completing

projects in homes built before 1978 must adhere to the U.S. Environmental Protection Agency requirements for the maintenance and renovation of lead-based painted surfaces and are required to be Lead-Safe Certified Renovators to perform renovation and repair work in areas that disturb lead-based paint. Any exposed foam plastic interior wall covering must be installed in compliance with the 2018 International Residential Code (sections R316.4 through R316.6).

Efficiency Vermont conducts site visits for a percentage of homes where rebates were paid to verify that the work performed is consistent with program specifications. They do not encompass and shall not identify violations of any other law, code, or regulation, including but not limited to local building codes. Customer is responsible for ensuring that all home improvements comply with all applicable local building codes in consultation with a local building official when necessary. Efficiency Vermont reserves the right to reclaim any rebates (or portions of rebates) paid in the event it determines the presence of any fraud, misrepresentation, or inaccuracy in the information provided, regardless of whether a verification site visit has been performed.
