

Heat Pump Water Heater Qualifying Products

Income- Based Bonus: \$200

Effective 4/1/2014; Updated 3/1/2023

A customer contribution of \$50 to the pre-tax purchase price of each product is required; therefore, the rebate amount will be the lesser of (a) the applicable rebate listed or (b) the pre-tax purchase price minus \$50.

If a model is delisted by NEEA or the rebate is expiring or changing, Efficiency Vermont will provide a deadline for that specific product to be purchased.

Asterisks (*), plus signs (+), or pound signs (#) indicate that any variable may be used in place of the symbol.

The product must be installed and the rebate application must be submitted no later than 30 days past that date in order to be eligible for the rebate amount at that time.

** More information about The Northwest Energy Efficiency Alliance (NEEA) can be found here:

<https://neea.org/our-work/advanced-water-heating-specification>
