

ENERGY STAR® Pool Pump Models Eligible for Efficiency Vermont Rebate

Efficiency Level	Efficiency Vermont Rebate
ENERGY STAR V2.0 Above Ground Pool Pump	Up to \$250*
ENERGY STAR V1.1 or V2.0 Inground Pool Pump	Up to \$500*
<p><i>ENERGY STAR V2.0 multi-speed and variable-speed pool pumps are eligible for the rebate. ENERGY STAR V1.1 variable-speed pool pumps are eligible for the rebate. Single-speed pumps are not eligible. Pressure cleaner booster pumps are not eligible.</i></p> <p><i>*A customer contribution of \$50 to the pre-tax purchase price of each product is required; therefore, the rebate amount will be the lesser of (a) the applicable rebate listed or (b) the pre-tax purchase price minus \$50.</i></p>	

Effective 5/1/2019

The most up-to-date information regarding this rebate and eligible products will always be posted at efficiencyvermont.com/rebates.

- ¹Asterisks (*), plus signs (+), or pound signs (#) indicate that any variable may be used in place of the symbol.
- ²Weighted Energy Factor (kgal/kWh) - a measurement of pump efficiency based on performance (volume of water pumped per unit of electricity used) at one or two operating points, weighted to represent real world use.
- ³If a model is delisted by ENERGY STAR or the rebate is expiring or changing, Efficiency Vermont will provide a deadline for that specific product to be purchased. The product must be installed and the rebate application must be submitted no later than 30 days past that date in order to be eligible for the rebate amount at that time.
