

Structured Custom Agricultural Lighting Offer

Offer Description

Upgrade your agricultural lighting to save energy and money. Efficiency Vermont is providing a limited-time lighting offer that must be acted upon quickly. Take advantage today!

Offer Details

- Offer equal to 100% of **project** cost, including labor, up to \$250 per qualifying fixture
- Eligible facilities must be livestock facilities or sugaring facilities.
Not eligible for horticultural lighting projects
- Projects must be pre-approved with an Incentive Agreement provided by Efficiency Vermont
- Customer must provide quote for labor and fixtures

Project Details

Projects must receive pre-approval from Efficiency Vermont to determine incentive amount. Qualifying fixtures must be DLC v.5.1 listed.

Case Study

A farm in Vermont updated 32 lighting fixtures with energy efficient LEDs and realized a reduction of over 70% of the energy needed to power their lighting system. This translated to an annual savings of over \$12,000 for this farm.
